-figure 9

Figure 9 is a diagram illustrating a data flow process for a directory system. The diagram shows a Directory 304 containing three components: 305 Meta Data, 306 Access Profile Data, and 310 Response Table. A Meta data flat file for initial database load (601) is shown as a cylinder. A data source (102) is shown as a cylinder. A Meta data flat file for initial load (602) is shown as a cylinder. A delta meta data via Notes Mail (602) is shown as a cylinder. Arrows indicate the flow of data: from 601 to 305, from 102 to 602, and from 602 to 305. The label 'delta meta data via Notes Mail' is also present near the 602 cylinder.
